Report of the Expert Group on Social Impact Assessment by Meghalaya Institute of Governance on Integrated Facilitation Centre Entry and Exit Point at Ichaguri Village.

The Expert Group on Social Impact Assessment by Meghalaya Institute of Governance on Integrated Facilitation Centre Entry and Exit Point at Ichaguri Village held its meeting in the Conference Room of the Department of Rural Development and Agriculture Production, North Eastern Hill University on 21st April, 2017 at 1.30 P.M. The meeting was chaired by Dr.S.C. Srivastava, Professor in the Department of Rural Development and Agricultural Production. All the seven members namely Mr.B Ch. Momin, Sub Divisional Agricultural Officer in capacity District Agriculture Officer South West Garo Hills District, W.A.Sangma, Divisional Soil and Water Conservation Officer, South West Garo Hills, Mr.Janardhan Koch, Assistant Director of Seva Bharati Meghalaya, Fr.Sunny Joseph Mavelil, and Director Bakdil NGO, BDO, Betasing, Secretary VEC and a woman member of concerned VEC.

The Expert Group accepted in principle the Social Impact Assessment Report prepared by the Meghalaya Institute of Governance as the benefits of the proposed project namely setting up of Integrated Facilitation Centre Entry and Exit Point at Ichaguri Village far outweigh the costs involved.

After due and diligent consideration the Expert Group is confident that the above mentioned project will control infiltration, regulate markets and result in better prices for agricultural products and may also generate revenue for the state.

The Expert Group foresees that the project is likely to generate some dissatisfaction among the affected communities. Therefore the Competent Authority must ensure mechanism to deal with any unpleasant reaction and development before the start of the project.

The Government must provide appropriate packages for rightful rehabilitation and livelihood options for affected communities living in the project area.

The meeting ended with a vote of thanks by the Chair.
